

## Government Affairs

---

Plunkett Cooney's Governmental Affairs Practice Group provides counsel and assistance to the firm's clients before local, state and federal agencies, the Michigan State Legislature and the United States Congress.

With offices in Detroit and East Lansing, Michigan, our attorneys are positioned to provide prompt and professional assistance on complex matters before regulatory agencies and on a broad range of legislative and governmental matters. Our expertise includes the preparation of legislation and/or assistance in the introduction of legislation, which is beneficial to our clients.

Our East Lansing, Michigan office can facilitate a connection to the daily events of the state government. We easily accommodate service to our clients when they require assistance before the Michigan legislature or any state governmental agencies. Leading the Government Affairs Practice Group is former Michigan Senate Majority Counsel, David Otis, who worked directly in serving the needs of the Senate Republican Caucus under then Senate Majority Leader (and later Governor), John Engler.
